

Date of Issue: April 2021

Affected Publication: API Specification 15LR, *Specification for Low Pressure Fiberglass Line Pipe and Fittings*, Seventh Edition, August 2001

Errata 2

Foreword: The following items were deleted from the Foreword:

- e. The formulation and publication of API Specifications and the API monogram program is not intended in any way to inhibit the purchase of products from companies not licensed to use the API monogram.
- f. The procedure for obtaining authorization to use the API monogram is given in Appendix F.

The following item was added to the Foreword:

- f. Appendix F, "Marking Requirements for Monogram Licensees," has been intentionally removed. See API Specification Q1 (Annex A) or the API website for information pertaining to the API Monogram Program and use of the API Monogram on applicable products.

8.1.5: The first paragraph shall be changed to the following:

Alternate tapered ends which do not meet the taper angle and spigot end diameter requirements shown in Table 5 for nominal sizes 8 in. through 16 in. shall be allowed and shall be identified by the letters "ATE". Alternate tapered end joints, when bonded in accordance with manufacturer's recommendation, shall meet the performance requirement of 5.6 and 5.7.

9.2: The section shall be changed to the following:

Products shall be marked with the following:

- a. Manufacturer's name or mark.
- b. Size: nominal, inches.
- c. Cyclic pressure rating, or static pressure rating if applicable.
- d. Temperature at which ratings apply.
- e. Lot number.
- f. "Spec 15LR".

Appendix F: Appendix F shall be deleted.
